

## New Hire Resource Guide

### Congratulations and Welcome to OEBB!

This guide highlights special rules and opportunities available to OEBB members within their first 31 days of benefits eligibility. Used in combination with the current plan year's Enrollment Guide and Plan Comparisons (available at [OEBBinfo.com](http://OEBBinfo.com)) and the premium costs provided to you by your employer, you should be well-prepared to make the best benefit decisions for your family.

### 12-Month Waiting Period if You Delay Enrolling in Dental

Not applicable after Oct. 1, 2024

Your initial enrollment period as a new hire is your opportunity to enroll in dental coverage and receive full benefits from day one. If you decline dental coverage for yourself or an eligible dependent during your first 31 days of eligibility, then choose to enroll during a future Open Enrollment period, you or your dependent will be considered a "late enrollee" and will be subject to a 12-month waiting period on all dental plans, meaning only diagnostic and preventive care (cleanings, x-rays, and exams) will be covered for the first 12 months of coverage. Be sure you understand and accept the consequences if you're considering delaying enrollment in dental coverage.

### Optional Employee Life Plans

As a newly eligible employee in your initial enrollment period, you can choose optional employee coverage with benefit values ranging from \$10,000 to \$500,000, in increments of \$10,000. Rates are age-graded based on your age as of each October 1st, with a guarantee issue (GI) level (amount available without providing evidence of insurability) of \$200,000, if selected when first eligible.

If you enroll in at least \$10,000 of Optional Employee Life insurance, you can elect up to an additional \$20,000 at each annual enrollment (without providing evidence of insurability) until you reach the \$200,000 GI level.

### ~~Optional Spouse/Domestic Partner Life Plans~~ Not available for EPSD9

~~Optional Spouse/Partner Life has a guarantee issue enrollment amount of up to \$30,000 without your spouse/partner needing to submit a medical history to The Standard Insurance Company underwriting for approval.~~
